Working Well Under Pressure

ISABELLE RANDEBLAD

FRONT-END WEB DEVELOPER

[Portfolio Website](#) [GitHub](#)

PROFESSIONAL SUMMARY

Swedish IKEA employee currently working at IKEA Australia, relocating to Malmö in April. After 3.5 years at IKEA, I have developed a deep connection to its values of togetherness, shared responsibility, and caring for people and the planet. As a recent front-end web development graduate, I am excited to bring my technical skills to a junior web development role.

PROJECTS

LANGUAMATE AI

Sep 2024 - Present | Technologies: HTML, CSS, JavaScript

[Live](#) | [GitHub](#) | [Video Demo](#)

An AI-powered web app that generates custom vocabulary lists and classroom activities to help language learners. It was developed as the final project at General Assembly.

- Front-End Development: Designed and implemented responsive, user-friendly interfaces with a strong focus on usability and accessibility
- Collaboration: Coordinated with a back-end developer to ensure seamless integration between front-end and back-end.
- Version Control: Managed project repositories and versioning using Git and GitHub, ensuring smooth collaboration and code management.
